## Doping Control information

The Doping Control Officers in the European Track Championships 2019 will be Ton Verhagen and José Manuel Diez Lorenzana.

A certain amount of controls will be conducted under the Anti-Doping Rules of the UCI and CADF procedures and instructions.

Riders selected for anti-doping can be identified on a list by their race number or their ranking.

The list will be posted at the result board near the Jury immediately after confirmation of the result of an event by the Jury. Doping controls will take place in the Velodrome in a special Anti-Doping room.

The riders selected for anti-doping controls will be notified by a chaperon; the notified rider shall remain within sight of the chaperon at all times from the moment of in-person notification until the completion of the sample collecting procedure. Team officials shall not prevent the chaperon to continuously observe the rider.

Should no chaperone be present, the rider shall proceed immediately to the doping control station.

If an award ceremony takes place immediately after the event, a rider needing to go to award ceremony will be escorted first to the award ceremony area, then the press conference and finally to the DCS.

Each rider to tested must present himself at the DCS as soon as possible and at the latest 30 (thirty) minutes after notification. If a rider takes part in an official ceremony or attends a press conference, the deadline shall be 30 minutes of the end of the ceremony or of the moment that his presence is no longer required at the press conference.

Riders must report to the DCS with their current license, but if it has no photograph, another ID with photo must presented.

Riders may be accompanied by a person of his choice and an interpreter. For riders under 18 years old (minors) it is recommended that a team representative is present with him/her from notification until completion of testing.

Even if there are chaperons present, ultimately it is the rider's responsibility to check if they have been selected for anti-doping controls. If the rider does not attend the test, a violation of the UCI Anti-Doping rules will be notified and the rider could be sanctioned in accordance with these rules.

**WORLD RECORDS:** ALL riders who beat a WR must undergo a anti-doping test to have their record validated. The rider can present himself to the Doping Control Officer ( No notification or chaperone is needed)

**NATIONAL RECORDS:** the riders who break a national record can present themselves to the Doping Control Official at the DCS if their National Federation requires a test to validate the record. No notification or chaperone is needed. The rider must complete the "National Record Track Events" form.
